MEMORANDUM FOR: Director of Personnel
FROM: Robert M. Gates
Deputy Director for Intelligence
SUBJECT: Additional Compensation for Overseas Employees

On March 16, 1984, the DCI announced that CIA will provide additional compensation to all employees serving overseas. Only a few DI employees now receive overseas pay; most do not. I would like to tell DI employees what actions the Office of Personnel has taken to redress this inequity and when such compensation increases will begin. Could you please provide details?
